By an Order-in-Council dated March 2, 1953, the Government instituted The Co-Terminous Boundary Commission. Consisting of W. J. Dick, Chairman, and members J. M. McKay, representing The Alberta Association of Municipal Districts, J. M. Griffiths, representing The Alberta School Trustees Association, Dr. A. W. Reeves, representing the Department of Education and A. W. Morrison, representing the Department of Municipal Affairs, the Commission was charged with the establishment of co-terminous boundaries for School Divisions and Municipal Districts in all that part of the Province presently organized under local self-government. In accordance with the Government's already established policy of enlarged rural units the Commission was given the power of determining whether or not all or any part of existing Improvement Districts and Special Areas should be included in the new Co-Terminous Areas. Dealing with the part of the Province lying south of Calgary and the Bow River the Commission's First Interim Report has been accepted by the Government and is to be put into effect on January 1st, 1954. When this has been accomplished 13 Municipal Districts and 8 School Divisions will become 9 Co-Terminous Areas.

## STATISTICAL INFORMATION

The statistical information contained in this report is compiled from financial statements furnished by the various Cities, Towns, Villages, Counties and Municipal Districts. Information regarding Improvement Districts is taken from Departmental records and for Special Areas from the records of the Special Areas Board. All information is for the calendar year ending December 31st, 1953.

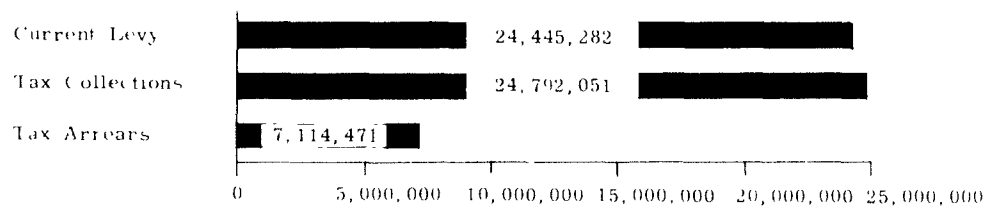

Exact comparison of statistics in this report with years prior to 1951 is not possible in all respects due to a revision of some of the items contained under the various headings as recommended at a Dominion-Provincial Conference on Municipal Statistics. The changes are mainly in the general sections of the Revenue and Expenditure Accounts.

## CITIES (7)

There has been no change in the number of cities and actual census returns from 5 of the 7 cities established the total population as 413,668. This is an increase of 62,127 over the 1951 Dominion census figure of 351,541.

*Assessment*—The increase in population is reflected in the assessment which shows an increase for the thirteenth consecutive year. The total 1953 assessment of \$373,794,372 is \$17,953,383 greater than the assessment of the previous year.

*Taxation*—A total current levy of \$24,445,282 is \$2,380,080 greater than the 1952 levy of \$22,065,202. Tax collections, excluding discounts, equal \$24,792,051 and are \$2,679,061 more than the 1952 collections of \$22,112,990. Tax collections compared to the current levy remain at a high level being 101.4% as compared to 100.2% in 1952. This has had the result of reducing tax arrears so that outstanding taxes at the end of 1953 are 29.1% of the levy as compared to 56.9% five years ago.

*General Revenue and Expenditure*—A total 1953 revenue of \$37,441,613 compared to a total expenditure of \$37,403,927 resulted in a net surplus for the year of \$37,686. Both revenue and expenditure are approximately \$4,000,000 greater than in 1952. Increases over the previous year of \$2,380,080 in tax revenue and \$1,213,390 in grants account for most of the increase in revenue and while nearly all items of expenditure show a general increase the largest are accounted for by increases of \$765,877 for Health and \$1,133,497 for Education.

*Debenture Debt*—A total gross debenture debt of \$92,657,030 as at December 31st, 1953, is \$20,434,952 more than the figure reported for 1952. This is the seventh consecutive year that an increase has been reported over the previous year and includes \$22,926,000 loaned by the Provincial Government under the terms of The Municipal Capital Expenditure Loans Act passed on April 2, 1953, as well as \$400,000 under the terms of the repealed Self-Liquidating Projects Act.

## TOWNS (73)

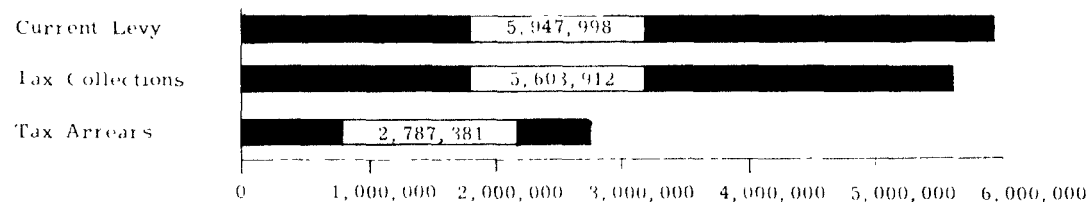

This report covers 72 towns as the Town of Lloydminster reports directly to the Province of Saskatchewan.

Effective February 2, 1953 the status of the Village of Grimshaw was changed to that of a Town.

*Assessment*—The one new town accounted for only some \$700,000 of the \$11,810,457 total

increase over the 1952 total assessment of \$104,999,888. This compares favourably with the rate of increase reported over the past few years. The total 1953 Assessment is \$116,810,345.

**Taxation**—A total 1953 tax levy of \$5,947,998 is an increase of \$799,385 over the 1952 levy of \$5,148,613. Tax Collections of \$5,603,912 are 94.21% of the current levy as compared to 96.17% last year.

**General Revenue and Expenditure**—A total of \$8,352,237 in 1953 produced \$1,308,689 more in revenue than the 1952 total of \$7,043,548. This is accounted for by an increased tax levy of \$799,385, increased grants of \$268,950 and a general increase in all other items. Most of the increase in revenue was required for increases under all headings of expenditure with the largest increase being \$428,974 for education or a total for this item of \$2,819,848 in 1953 as compared to \$2,390,874 in 1952. Grand total expenditures of \$8,000,333 left a current net operational surplus of \$351,904. This is the fifth consecutive year in which a surplus has been recorded.

**Revenue Fund Assets and Liabilities**—Net Bank Balances and Investments at the end of the year of \$2,095,167 less Bank Overdrafts, Temporary Loans and Accounts Payable of \$532,417 left a net cash balance of \$1,562,750. Total 1953 assets of \$6,471,394 less total Liabilities of \$3,774,508 leave a net to-date surplus of \$2,696,886.

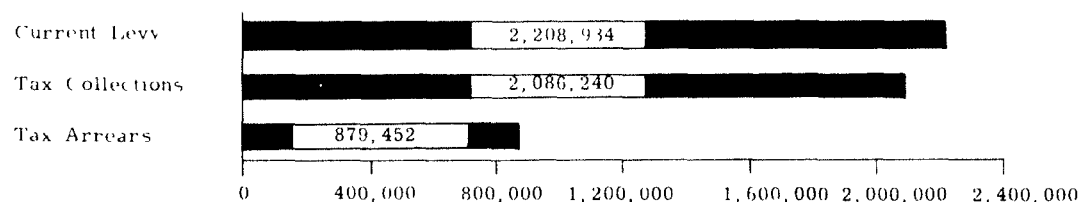

**Loans and Debentures**—During the year Unpaid Temporary Loans were reduced by \$110,793 from \$257,030 in 1952 to \$146,237 in 1953. The total gross debenture debt as at December 31st, 1953 equals \$13,423,995. This is an increase over 1952 of \$3,965,300. In 1953 twenty-two towns received \$1,395,640 under the terms of The Municipal Capital Expenditure Loans Act and 20 including the Town of Lloydminster received \$3,143,706 under The Self Liquidating Projects Act.

#### VILLAGES (138)

The incorporation during the year of the Village of Marwayne and the Summer Village of Itaska Beach and the change in status of the Village of Grimshaw to that of a Town resulted in this report dealing with 138 Villages as compared to 137 a year ago.

**Assessment**—Total 1953 assessments of \$47,593,906 are \$2,874,124 more than the 1952 assessments of \$44,719,782. Buildings and Improvements accounted for \$2,586,447 of this increase.

**Taxation**—The 1953 Current Tax Levy of \$2,208,934 is \$241,957 more than the 1952 levy of \$1,966,977. Total Tax Collections are \$2,086,240 as compared to \$1,887,558 for the previous year and are 94.44% of the current levy as compared to 95.96% in 1953.

**General Revenue and Expenditure**—A total Revenue of \$2,847,034 and a total Expenditure of \$2,697,915 resulted in a net surplus for the year 1953 of \$149,119.

*Revenue Fund Assets and Liabilities*—During the year the villages have almost doubled their net cash position. Total Bank Balances and investments of \$1,630,386 less Bank overdrafts, Temporary loans and Accounts Payable of \$140,153 left a net cash balance of \$1,490,232 as compared to \$811,328 in 1952. Total Assets of \$2,685,287 less total Liabilities of \$1,376,869 left an overall surplus at the end of the year of \$1,308,418.

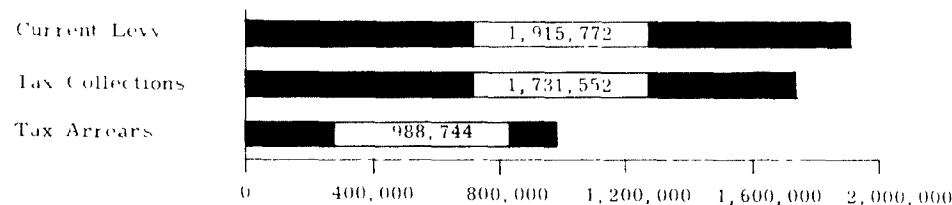

*Loans and Debentures*—Temporary loans at the end of the year equal \$52,306. The gross outstanding debenture debt increased \$1,359,918, from \$2,070,137 to \$3,430,055 at the end of 1953. Thirteen villages received \$1,569,690 under the terms of The Self Liquidating Projects Act and thirteen received \$311,700 under The Municipal Capital Expenditure Loans Act.

#### COUNTIES (4)

On January 1st, 1953 the entire Municipal District of Newell, No. 28 and a small part of The Municipal District of Bow Valley, No. 40 were formed into The County of Newell, No. 4.

This is the fourth county formed under the terms of The County Act, 1950, which act provides an alternative form of rural self-government that is voluntary and to be retained must after four years from the date of formation receive by vote the taxpayers' approval.

With one new county being formed each year it is not practical at this time to make a statistical comparison with previous years.

*Revenue Fund Assets and Liabilities*—Outstanding Temporary Loans have increased from \$136,600 at the end of 1952 to \$414,500 in 1953. This has had the effect of changing last year's net cash surplus of \$27,761 to a net cash deficit of \$242,321. This deficit is more than set off by \$358,872 due from the Province. Total assets of \$1,836,720 less total Liabilities of \$942,778 leave a net to-date surplus of \$893,942.

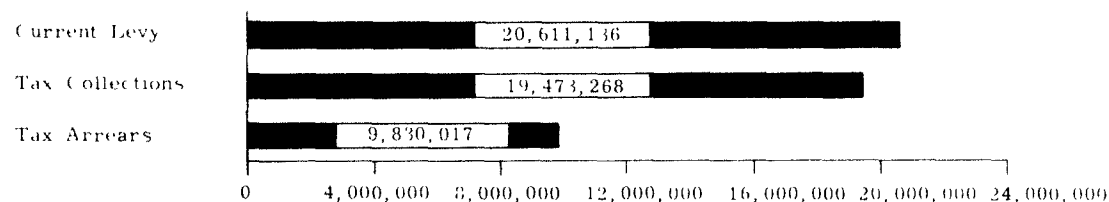

*Debentures*—Upon formation counties become responsible for both municipal and school affairs. Outstanding school debentures have increased sharply from \$823,585 in 1952 to \$1,558,504 in 1953. There is no outstanding debenture debt for municipal purposes.

#### MUNICIPAL DISTRICTS (53)

With the formation of the Municipal District of Newell, No. 28 into a County the total number of Municipal Districts was reduced from 54 to 53.

*Assessment*—The transfer of some five million dollars in assessment to the Counties had the final effect of reducing the assessment from \$385,051,342 in 1952 to \$384,259,656 at the close of the year.

*Taxation*—The total Current Levy of \$20,611,136 is \$1,005,978 greater than the 1952 levy of \$19,605,158. Tax Collections of \$19,473,268 are 94.48% of the Current Levy as compared to 98.77% last year.

*General Revenue and Expenditure*—A total Revenue of \$27,817,147 is almost two million dollars greater than the previous year but expenditure increases of \$1,091,580 for Public Works and \$737,939 for Education along with general increases in nearly all other items more than equalled the increased revenue so that a total Expenditure of \$27,612,118 left a net surplus for 1953 of \$205,029 which is the smallest reported for the past five years.

*Revenue Fund Assets and Liabilities*—Bank Balances and Investments of \$4,134,759 less Bank Overdrafts, Temporary Loans and Accounts Payable of \$1,470,317 left a net cash balance of \$2,664,442. Total Assets of \$16,919,755 less total Liabilities of \$4,792,089 leave a surplus of \$12,127,666.

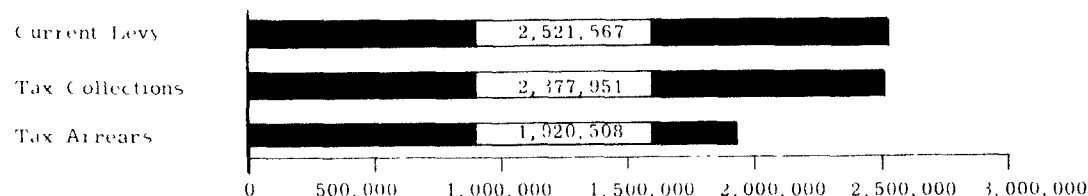

*Debenture Debt*—For the first year since 1939 Municipal Districts have an outstanding Debenture Debt. The Municipal District of Strathcona, No. 83 borrowed \$79,000 under the terms of The Municipal Capital Expenditure Loans Act to install a water system to serve the industrial area east of the City of Edmonton.

#### IMPROVEMENT DISTRICTS (54)

There has been no change in the number of Improvement Districts.

*Assessment*—There has been a substantial increase in real property assessments so that total assessments have increased from \$61,439,773 in 1952 to \$64,226,544 in 1953.

*Taxation*—The current Tax Levy is \$2,521,567 as compared to last year's levy of \$2,392,860. Tax Collections of \$2,377,951 are 94.30% of the levy as compared to 93.95% in 1952.

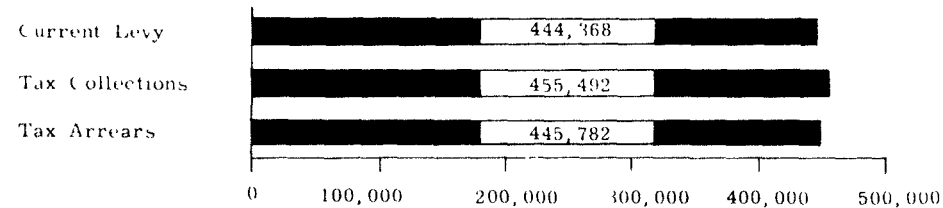

*Receipts and Payments*—Total receipts for the year equal \$3,032,984. Total expenditures were \$2,789,892 leaving a surplus for the year of \$243,091 and a to-date surplus as at December 31st, 1953 of \$2,041,430.

*Assets and Liabilities*—Total assets which include the Improvement Districts Trust Account balance of \$2,041,430 equal \$3,968,557. Total outstanding liabilities equal \$87,525 leaving a net to-date surplus of \$3,881,032.

#### SPECIAL AREAS (3)

Three Special Areas consisting of Municipal and Improvement Districts dissolved during the drought period of the 1930's and formed into Special Areas under The Special Areas Act are administered by a Special Areas Board with four offices in these districts. Since 1948 they have come under the administration of The Department of Municipal Affairs.

A total revenue of \$1,527,714 less a total expenditure of \$1,524,157 resulted in a surplus for the year of \$3,557 as compared to last year's surplus of \$139,796. The total revenue increased \$188,884 over the previous year and the decreased surplus was brought about mainly by an expenditure for roadwork in the amount of \$827,030 as compared to \$546,964 in 1952.

## REPORT OF THE SPECIAL AREAS BOARD

The year 1953 proved a better than average year for residents of the Special Areas. Moisture conditions during the growing season were fair with the result that the harvest of all types of grain exceeded that which we have become accustomed to expect in these areas. We were favored with an exceptional Fall with little or no precipitation which condition extended for a period long after crops had matured and ripened. Grain was, therefore, harvested under ideal conditions and grades were generally good. The grass coverage in pastures was excellent over the year and an abundant supply of hay was available. Damage from pests in the year under review was reduced to a minimum and loss from hail was slight.

Marketing of grain again proved a problem of some magnitude due to limited elevator capacity and as a result there will be a larger percentage than usual of crop shares due the Department which will not be delivered until conditions in this regard have improved.

An intensive program of fire guarding was instituted throughout the Areas in the year 1953 and despite the heavy grass coverage and resultant danger from prairie fire there was no loss of any consequence experienced during the year. This was due in large measure to the co-operation received from residents in fireguarding their respective holdings.

The year 1953 saw a further reduction in the price of cattle. This fact was not reflected in the number of stock maintained by local ranchers and farmers. A survey of the situation would indicate that the number of head of livestock in the Special Areas has remained fairly constant over the past number of years. Vaccination for Bangs disease has been followed rather diligently by farmers throughout the Areas but there has been little progress made in having it declared a T.B. free area. The work of our resident District Agriculturist has proven a desirable attribute in the administration of these areas and the result of his endeavors are evidenced by the improvement in the class of stock now being raised. The activity in 4 H or Junior Club Work and Grain Clubs has been increasing steadily.

The regrassing of abandoned lands, previously cultivated, is still a major problem but is progressing steadily. Approximately 25,000 pounds of grass seed (crested wheat and brome) were made available to residents in the past year. This seed is provided to the resident on a 50-50 basis. One half the cost borne by the resident and the balance assumed by the Board. The greater portion of such seed is obtained from seed plots which are maintained and controlled by the Board.

Public Health Nursing Services are made available by three nurses, resident at Sunnynook, Youngstown and New Bridgen. The responsibility of this Board to supply suitable accommodations has been met and each is now established in a building which meets all requirements both from a residential and clinical viewpoint.

Water conservation remains upper-most in the minds of those to whom this responsibility has been delegated. There were no projects of a major nature undertaken during the past year but numerous stock watering dams and dugouts have been constructed throughout the areas. The water in all reservoirs remained at a favorable level and was not used extensively for irrigation. It is, however, interesting to note that where irrigation was practised grain yields exceeded that from dry land farming in the neighborhood of 20 bushels to the acre and Alfalfa crops from irrigated land yielded more than two tons per acre.

The infestation of these areas by the Norway Rat, which seemed imminent at the beginning of the year, has been at least curtailed. These rodents had become established in quite large numbers along our eastern boundary for a distance of some twenty miles west from the Saskatchewan border. A campaign of eradication was carried on throughout the year by the Department of Agriculture in co-operation with this Board. The results are encouraging and while complete eradication has not been accomplished there is no evidence of further progress westward. Recommended poisons, supplied by the Department of Agriculture, are available at our offices in Oyen, Consort, Youngstown, and Hanna. The demand for these supplies indicates the consciousness of the local resident to this danger and the Department of Agriculture has kept personnel in the affected areas throughout the year.

There has been some insistence on the part of local ranchers for the return of the bounty system in the control of coyotes. This was discontinued in 1951 and the present Departmental policy is to fight these predators by means of poisons. There has been considerable poison (cyanide guns and strychnine pellets) distributed by our local offices and the results obtained have been generally good. The coyote menace has not changed appreciably during the year and it is doubtful whether a return to the bounty system would be warranted at this time.

Our community pastures, despite excellent grass conditions over the whole district, were utilized to a considerable extent in the year just past. There were in excess of 7,000 head of cattle entered in all pastures for which over \$33,000.00 in dues were paid. These pastures, like the balance of grazing lands, have an excellent grass coverage and ample water supply. All pastures have been fireguarded and fences kept in a good state of repair.

Road construction, maintenance and the replacement of bridges and culverts still remains a problem of considerable magnitude. The favorable weather conditions which extended to late November permitted us to recoup some of our lost time in road work due to the wet spring. New construction by elevator and scraper work amounted to some 153 miles. Blade and auto patrol grades totalled some 136 miles and there was approximately 200 miles of gravel laid. In addition to the foregoing a considerable expenditure was made in maintaining and repairing existing roads and the installation of numerous bridges and culverts. The total expenditure in road work for the year 1953 approximated \$800,000.00. It is hoped to have all the larger centres in these Areas eventually served by a graded and gravelled road and if conditions experienced over the past three years continue this may be an accomplished fact in the not too distant future.

#### REPORT OF THE PROVINCIAL PLANNING ADVISORY BOARD

During the fiscal year ending March 31st, 1954, as in previous years, the work of the Provincial Planning Advisory Board and the Town and Rural Planning Branch was increased as a result of the continuing development of the Province.

The subdivision of land continued at a higher rate than in any previous year. Eight hundred and twelve tentative plans of subdivision were considered, and 696 final plans passed on for registration at the Land Titles Offices. This compares with 668 tentative, and 462 final plans in the previous year. Two hundred and seventy-six transfers by description were considered, of which 217 were approved, as compared with 200 considered and 111 approved in the previous year. The work of subdivision administration was simplified and speeded up with the passage of the Subdivision Regulations and the Transfer Regulations, and the delegation of approving authority to local planning offices and District Planning Commissions in the Calgary and Edmonton areas.

In addition to visits made in conducting planning surveys and attending district planning commission meetings, members of the Branch staff made 33 visits to various municipalities. In addition to those dealt with in the office, over 60 inquiries for advice, including the preparation of a number of draft by-laws and the investigation of several complaints, were dealt with by correspondence.

Planning reports for Grande Prairie, Tofield and Wainwright were published as a result of studies carried out in 1952. Studies were made and reports published for Bowden and Bonnyville. Planning surveys were commenced at Camrose.

Four new zoning by-laws became effective, while 3 new Interim Development Orders were made. There were also 4 new Interim Development by-laws and 11 amending by-laws.

The Board issued a total of 36 Orders, 21 of which dealt with appeals under the provisions of interim development or zoning by-laws, while 15 directed the registration of plans of subdivision containing more than 50 lots. Under the provisions of the Town and Rural Planning Act, 1953, which came into force on July 1st, 1953, these latter orders are no longer required. By the same token, control of development adjacent to highways passed to the Department of Highways on the effective date of the Act.

In the last 2 months of the year the greatest portion of the staff time was spent in the preparation of plans for the new town of Drayton Valley, in arranging details of its development, and in dealing with over 500 inquiries as to the possibilities of locating in the town.

Respectfully submitted,

J. W. JUDGE,

*Deputy Minister.*
